

CWGH CONGRATULATES DR OBADIAH MOYO ON HIS APPOINTMENT AS THE MINISTER OF HEALTH AND CHILD CARE

11 September 2018

The Community Working Group on Health (CWGH) would like to warmly congratulate you, Dr Obadiah Moyo on your recent appointment as the Minister of Health and Child Care (MoHCC) and we wish you every success in your new duties.

Certainly your past performance and more precisely, your hard work as the Chief Executive Officer of Chitungwiza Central Hospital that turnaround of the institution, has contributed to your selection -- ahead of so many qualified professionals -- for this very critical post. We trust that you will continue to work for the improvement of the health sector to ensure that every Zimbabwean, rich or poor, has access to quality and affordable health care.

As CWGH, we look forward to working closely with you to further improve the standard of health care in the country through strengthening community participation in health and promoting primary health care as key concepts for the attainment of Sustainable Development Goals (SDGs) and Universal Health Coverage (UHC).

CWGH strongly urges you to continue riding on your past achievements and not to forget millions of Zimbabweans failing to access quality health care services in the country because of affordability, availability and accessibility challenges. It is our hope that you will build networks and strong relationships with the donor community and civil society organizations (CSOs) for better health outcomes.

The CWGH network has all the confidence in you that you will be able to drive the health ministry to prosperity despite the current seemingly insurmountable challenges.

Once again, allow me to congratulate you most warmly both on my behalf and on behalf of the whole CWGH network.

Itai Rusike (Mr)
